

# "LOVE"

## The Greatest Gift of All

Love conquers all things. Love is above all things. It is the opposite of greed, fear, jealousy, comparing, judgment, anger, hate, resentment, expectations. These are all characteristics of **EGO**.

### ***SPIRIT IS PURE LOVE***

When we give love in its original purest form it flows back to us in the same way. This is what Christmas is about, the story of the precious baby who came to serve all humanity without the approval of others, just knowing that he had a purpose and a mission. We all have a purpose and mission and often, when we are discovering what that is for us, we are persecuted in the same manner as Jesus during his life here on earth, and maybe even feeling isolated and alone as we find our way.

### ***YOU ARE NOT ALONE!***

God walks with you as he did Jesus! Stay connected to God and you will always be on course following the plan he has laid out for you, as he did Jesus. Many times this is the opposite of what others expect or how you may feel. Remember, the ego presents lack and failure. God will not steer you in the wrong direction, just listen to your heart. Your life will then become fulfilled and you will **KNOW** that you are serving the purpose in which you were created.

The more you surround yourself with people, places and situations of love and positive energy, the more love and positive energy will surround you.

Remember, you are also a precious child of God. Know when you get out of bed each day and go about your daily tasks (no matter how insignificant they may seem at the time) they are all part of the process and will lead you on your way to your purpose. You can change your life without ever changing your circumstances. This occurs when you change your perception and align with God by making God the center of your life and not just someone who is there in a time of need, but the force in which you rely on for everything. This pushes the ego aside and allows an understanding that you are living on purpose every day no matter what your circumstances are at any given moment.

***Live each day with a loving heart knowing that you are part of the bigger plan and that you are loved!***

### **Daily Affirmation**

I give love, I accept love, and I am always loved.
